

Amendments to the Specification are as follows:

Before the first sentence on page 1 please insert the following paragraph.

This application claims the benefit of priority to Japanese Patent Application No. 2003-147730, herein incorporated by reference.

Please amend the paragraph beginning on page 29, line 7 and ending on page 29, line 14 as follows:

Further, since an unlocking portion capable of releasing the locking of the supporting member by rotating the driving ring in the direction in which the light-adjusting member is rotated to the positions where the aperture is closed to press the locked supporting member is formed in the driving ring, it is possible to firmly release the locking of the locked supporting member.
